IPM statement

It is the goal of Magnolia Union Elementary School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to:

Long term pest prevention utilizing the least amount of pesticides as possible.
Prevent pest infestations in district facilities.
Utilize non chemical management procedures when possible.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Felipe Gamez	Custodian
Leslie Mamer	Administrative Assistant

Pest management contracting

- Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s): Pestmasters, Valley Pest Services
- Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: District staff as well as the district contracted pest control business personnel.

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by District custodian, Cafeteria manager, Supt and results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

Sticky boards are maintained in the school's cafeteria. They are checked daily by the school's custodian and cafeteria cook/manager. School classrooms, and other businesses are monitored by the school's teaching staff, administrator and custodian.
