School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Magnolia Union Elementary School District is a small (ADA 136), rural, one school district. It is located approximately 7 miles east of the city of Brawley, and serves students from the local agricultural area as well as a large population from the local cities of Brawley, Calipat and Holtville. The district operates as a "District of Choice". The school benefits from an active community club which annually organizes the Halloween carnival, spring dinner, water day, and graduation reception. The district serves students from a diverse socio-economic background and ethnic backgrounds. The district operates classrooms at the following levels: Kinder, 1, 2, 3-4, 5-6, 7-8.

It is the belief of the entire staff that every child can learn. It is our goal to dedicate ourselves to insuring that our students will master the life and academic skills that will keep them healthy and successful in life after they leave Magnolia.

If anyone has any questions or if you wish to just stop by and chat, my door is always open.

School Description and Mission Statement (School Year 2018—19)

DESCRIPTION

Magnolia Union Elementary School District is a small (ADA 136), rural, one school district. It is located approximately 7 miles east of the city of Brawley, and serves students from the local agricultural area as well as a large population from the local cities of Brawley, Calipat and Holtville. The district operates as a "District of Choice". The school benefits from an active community club which annually organizes the Halloween carnival, spring dinner, water day, and graduation reception. The district serves students from a diverse socio-economic background and ethnic backgrounds. The district operates classrooms at the following levels : Kinder, 1, 2, 3-4, 5-6, 7-8.

MISSION

An effective school provides a stimulating and productive environment conducive to the academic and personal growth of students. It provides a pleasant, safe, and satisfying environment within which students can work. Parental and community support are vital to the academic success and social growth of students. The staff and district board of the Magnolia Union Elementary School District, working with its students and parents, are dedicated to providing the finest possible education to its students - regardless of race, ethnicity, or gender. The primary goal of Magnolia Union Elementary is to instill in each student a solid foundation of education skills, mastery of state standards for grades k-8, and to insure that each student promoted out of grade 8 matriculates to the secondary education system successfully.

School Facility Conditions and Planned Improvements

The Magnolia Union Elementary School District plant was inspected by a team from the ICOE. All facilities passed without any recommended repairs. The district was inspected in 2016-2017, and in 2017-2018 by the district's insurance loss control specialist. No major repairs were noted. District maintenance personnel have noted that continued maintenance and repair of the fence line is necessary. Roof repairs were completed in the summer of 2011 and air conditioning repairs are ongoing as necessary. District lighting was replaced with energy efficient fixtures and bulbs in 2013-2014. 6 new energy efficient AC units were installed in 2018. A solar array was installed during the summer of 2018 and is operational. The district's FIT is available at the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	57.0%	62.0%	57.0%	62.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	57.0%	53.0%	57.0%	53.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Professional Development

Annual staff development days annually - 4. 3 days prior to school focusing on the previous years test data and where staff feels improvement needed. Teachers attend in house inservice - at times provided by the ICOE as well as current staff members. Teachers are also sent out of the county if necessary.

Teachers are supported by peer assistance and monthly staff collaboration meetings.
