California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements

The Magnolia Union Elementary School District was inspected by a team from the ICOE in 2005-2006. All facilities passed inspection without any recommended repairs. The district facilities were inspected in 2009-2010 by the district's insurance loss control specialist. There were not any major necessary repairs noted. The district's facilities were inspected again by the district's insurance loss control specialist in July, 2015. The inspection noted that there were no major repairs necessary, however, continued maintenance of the roofs and fence line was necessary. Roof and fence repairs were completed in the summer of 2011 and air conditioner repairs were completed in 2012. District lights were replaced with energy efficient fixtures and bulbs with a grant during the 2013-2014 year.

The district's inspection documentation is available in the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

SAFETY STRATEGIES

Introduction

Safe Schools are orderly and purposeful places where students and staff are free to learn and teach without the threat of physical and psychological harm. MAGNOLIA ELEMENTARY promotes educationally and psychologically healthy environments for all children and youth. MAGNOLIA ELEMENTARY recognizes there are comprehensive, broad factors directly related to a safe school environment such as the school facility, school programs, staff, parents and the community. MAGNOLIA ELEMENTARY further recognizes that safe school practices make major contributions to academic and school improvement efforts.

Although keeping children safe requires a community-wide effort, schools are an important piece of the undertaking to keep children safe. MAGNOLIA ELEMENTARY's efforts are illustrated below which broaden the safety planning and incorporate an expansive range of strategies and programs in the school safety plan.

SCHOOL SAFETY STRATEGY #1: Positive pupil interpersonal relations are fostered by teaching social-personal skills, encouraging pupils to feel comfortable assisting others to get help when needed and teaching pupils alternative, socially appropriate replacement responses to violence, including, but not limited to problem solving and anger control skills. When appropriate, staff members shall make referrals to recognized community agencies and/or counseling and mental health resources in the community to assist parents/student with issues prevention and intervention. The school uses a variety of methods to communicate to pupils, parents, and the greater community that all children are valued and respected.

Preventing and Intervening: Pupil Aggressive Behavior

Creating a safe school requires having in place many preventive measures for children's mental and emotional problems. Schools can reduce the risk of violence by teaching children appropriate strategies for dealing with feelings, expressing anger in appropriate ways and resolving conflicts.

Staff members at MAGNOLIA ELEMENTARY have received training in conflict resolution and confrontation skills. MAGNOLIA ELEMENTARY uses a comprehensive approach to school violence prevention. Pupils are identified in their school career using measures shown to be highly effective in identifying student with antisocial and aggressive tendencies. These measures include: (a) number of disciplinary referrals to office, (b) observed aggressive behavior, and (c) teacher observation.

Mental Health Programs Assigned to MAGNOLIA ELEMENTARY is a school psychologist. District programs contributing to mental health goals include: Drug Alcohol and Tobacco Education, Imperial County Sheriff's Office Anti Drug Program. The staff of MAGNOLIA ELEMENTARY shall identify students in need and bring forth the student and the family to the school's student study team. The staff of MAGNOLIA ELEMENTARY shall implement the EDCR Incident Crisis Response Plan for "suicide" in cases where a student exhibits specific characteristics. In incidences of possible suicide, school/district psychologist or police crisis response units shall be contacted.

Professional Development The Magnolia Union Elementary School District provides professional development for teachers, parents, and community members. Amongst the goals of such programs are to help others establish and nurture a healthy sense of self confidence and self control, to develop personal and social responsibility and to enhance academic success.

Student Recognition Programs. MAGNOLIA ELEMENTARY offers several recognition and award programs such as quarterly honor roll, quarterly perfect attendance recognition, end of year K-8 awards programs.

SCHOOL SAFETY STRATEGY #2: Procedures, programs and strategies used to help eliminate problems of bias or unfair treatment of pupils by staff and by peers because of ethnic group, gender, race, national origin, social class, religion, disability, sexual orientation, physical appearance, color, ancestry, parental status, or other relevant characteristics. The school provides a way for each pupil to safely report and, be protected after reporting, troubling behaviors that the pupil thinks may lead to dangerous situations, such as potential school violence.

Nondiscrimination and Fair Treatment of Pupils A major source of conflict in many schools is the perceived or real problem of bias and unfair treatment of students because of ethnicity, gender, race, social class, religion, disability, nationality, sexual orientation, physical appearance, or some other factor. Effective schools convey the attitude that all children can achieve academically and behave appropriately, while at the same time appreciating individual differences. Effective schools communicate to students and the greater community that all children are valued and respected.

In order to maximize the successful education of all students and help them become productive citizens and lifelong learners in a diverse society, all individuals including student, parents, staff and community members:

- ? Shall be treated with dignity, respect and fairness;
- ? Shall encourage and maintain high expectations;
- ? Shall model an appreciation for socio-economic, cultural, ethnic, gender and religious diversity; and
- ? Shall contribute to an environment of mutual respect, caring and cooperation.

Students, parents, staff and community members shall join together to share a sense of belonging and take pride in our schools, facilities and programs through participation and cooperation in support of the education of all students.

A copy of the "Parent Information Packet" is provided to each parent/student annually or upon enrollment. This handbook includes information pertaining to student rights to physical safety, to the protection of personal property, to respect from adults, and to be free of discrimination on the basis of gender, race, color, religion, ancestry, national origin, ethnic group, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The District's policies on nondiscrimination and sexual harassment support these protections and serve to promote the fair treatment of all children.

Discipline Policy and Code Effective and safe schools, develop, and consistently enforce, school-wide rules that are clear, broad-based, and fair. School safety can be enhanced by the development of a school-wide disciplinary policy that includes a code of conduct, specific rules and consequences that can accommodate student differences on a case-by-case basis when necessary. Discipline consequences should be commensurate with the offense, should be written, applied in a nondiscriminatory manner, and accommodate cultural diversity. Direct teaching and social problem solving and social decision-making is now a standard feature of effective drug and violence prevention programs.

MAGNOLIA ELEMENTARY uses both classroom and school-wide discipline codes that clearly communicate the behavioral expectancies and consequences for pupils. MAGNOLIA ELEMENTARY has developed plans to promote positive behaviors in the playground, classrooms, and cafeteria.

SCHOOL SAFETY STRATEGY #3: MAGNOLIA ELEMENTARY's administrators, teachers, families, pupils, support staff, and community members recognize and make appropriate use of the early warning signs related to violence, substance abuse, and other at-risk concerns.

Crisis Intervention and Disaster Planning The staff of MAGNOLIA ELEMENTARY shall increase school safety by evaluating and addressing serious behavioral and academic concerns. Weapons (on campus and in the community), bomb threats, explosives, fights, natural disasters, accidents, and suicides call for immediate, planned action, and long-term, post-crisis intervention. Planning for such contingencies reduces chaos and trauma.

California Safe Schools Assessment

MAGNOLIA ELEMENTARY actively participates in the California Safe Schools Assessment. Data is collected, reported, and reviewed on all crimes committed on the school campus. MAGNOLIA ELEMENTARY recognizes that a safe school continually assesses its progress by identifying problems, collecting information regarding progress toward solutions, and by sharing this information with students, families, and the community at large.

Teacher Notice of Disciplinary History

The Imperial County Sheriff's Department shall provide to the administration of MAGNOLIA ELEMENTARY information on each pupil who has: (1) during the previous three school years, engaged in any suspendable or expellable act (except E.C. 48900 (h)) or (b) committed a crime reported to the District by a family member, local law enforcement, Probation Department or social services. This information is used to develop awareness, assigning appropriate discipline consequences, help in allocating resources, and is a factor in determining which services are provided to the pupil or recommended to the parent/guardian.

Gang Affiliation

Gang affiliation and gang activity will not be tolerated at MAGNOLIA ELEMENTARY. The staff at MAGNOLIA ELEMENTARY shall work closely with the local sheriff's department/Gang Unit regarding all issues and matters that are gang related. Information from the school and the community shall be communicated to the student's parents, if the pupil begins to make gang affiliations. Appropriate prevention and intervention strategies and programs shall be offered to the families.

Gangs and Graffiti

Local city efforts have formed a graffiti removal service, a law enforcement gang task force, and a school resource officer program. MAGNOLIA ELEMENTARY uses its links with the Imperial County Sheriff's Department to enhance its effort to curb gang influence. When appropriate, the city's graffiti removal service is used and community service hours are assigned.

Alternative Programs. Research has shown that effective alternative programs can have long-term positive results by reducing expulsions and court referrals. MAGNOLIA ELEMENTARY has access to an Independent Study Program, and may make referrals to the Imperial Count Child/Welfare Services department for placement in one of the programs offered through the Imperial County Department of Education. These alternative programs, when matched to a pupil's needs, can produce positive outcomes.

Drug and Violence Prevention Programs

The goals of the district's Drug Alcohol and Tobacco Education Program and other related community program include providing all K-12 pupils with a comprehensive drug and violence prevention program and providing all pupils in grades four through eight with a comprehensive tobacco use prevention education.

Truancy/District Attorney Referral

MAGNOLIA ELEMENTARY recognizes the importance of punctuality and regular attendance. The staff of MAGNOLIA ELEMENTARY shall accurately record the attendance record for all students. Parents of students with poor attendance will be contacted. Students with poor attendance due to medical issues will be referred to the school nurse. Should attendance problems continue, official action is to be taken, which could result in a referral to the School Attendance Review Board or a referral to the Imperial County District Attorney's Office with a request for prosecution of the parent and/or the student.

Megan's Law Notification The staff of MAGNOLIA ELEMENTARY shall receive Megan's Law Sex Offender Information from local law enforcement and that information shall be communicated with the public so that the information can be used to protect students and families. Megan's Law provides the public with photographs and descriptive information on serious or high risk sex offenders residing in California who have been convicted of committing sex crimes and are required to register.

SCHOOL SAFETY STRATEGY #4: Plan(s) and method(s) are available to identify isolated and troubled pupils, help foster positive relationships between school staff and pupils, and promote meaningful parental and community involvement.

Parent/Guardian Involvement

Staff members in effective and safe schools make persistent efforts to involve parents/guardian by: Informing them about discipline policies, procedures, and rules, and about their children's behavior, both desirable and undesirable; involving them in making decisions concerning school-wide disciplinary policies and procedures; and encouraging them to participate in prevention programs, intervention programs and crisis planning.

MAGNOLIA ELEMENTARY:

- Effectively uses the School Site Council
- Has visitation procedures for parents and other visitors.
- Provides a newsletter to parents.
- Uses the School Accountability Report Card as a procedure to communicate to parents.
- Provides several opportunities for Teacher-Parent Conferences.
- Maintains an effective Homework Policy

Each classroom is arranged to help prevent aggressive behavior. High traffic areas are free of congestion. Pupils are in full view of the teacher so the teacher can easily monitor students' behavior. Teaching materials and student supplies are readily accessible to minimize student-waiting time. Seats are arranged so students can easily see instructional presentations and to reduce the opportunity for off-task behavior.

Parent Training: Promoting the Use of Community Resources

MAGNOLIA ELEMENTARY advocates for the utilization of community resources to help maximize the development of positive behavior and the suppression of antisocial behavior.

Problem Solving Teams

School communities can enhance their effectiveness by identifying factors that result in violence and other problem behaviors. In-building, collaborative problem-solving teams are viewed as essential to successful prevention and intervention with aggressive behavior. MAGNOLIA ELEMENTARY utilizes a student study team to help address issues of problem behavior. These problem-solving efforts bring together school staff, parents, and when appropriate, involved community-based agencies and the pupil. The goal is to help identify, clarify, analyze and resolve issues concerning pupil, educational and familial concerns. The student study team is flexible enough to address individual problems and school-wide matters.

Community Linkages

When working with parents and students with specific issues, the staff at MAGNOLIA ELEMENTARY will provide information to the families regarding available community resources. The staff of MAGNOLIA ELEMENTARY shall work closely with recognized local city, county and state agencies.

SCHOOL SAFETY STRATEGY #5: Specific employees (e.g., the campus supervisor) use unique strategies to promote school safety.

Campus Supervisor and Administrative Positions

Schools can enhance physical safety by monitoring the surrounding school grounds-including landscaping, parking lots, and bus stops. Pupils can also be a good source of information. Peers often are the most likely group to know in advance about potential school violence.

MAGNOLIA ELEMENTARY employs a Supt/Principal and campus supervisors whose job is designed to help increase school safety, prevent prohibited offenses, and promote positive student relationships. The Supt/Principal has/have developed procedures to monitor the school campus, the surrounding areas, and has designated the safe entrance and exit routes to school. Recognizing that pupils are often the first to know of dangerous plans or actions, the Supt/Principal at MAGNOLIA ELEMENTARY makes himself available for a pupil to report troubling behaviors that may lead to dangerous situations.

When it comes to school safety, pupils are taught not to keep secrets. Effective relationships between the principal and pupils help initiate appropriate investigations, help staff learn of suspects in school offenses, and help collect important knowledge about community conflicts that may have an impact on school safety.

Campus Disturbances and Crimes

MAGNOLIA ELEMENTARY recognizes that campus disturbances and crimes may be committed by visitors and outsiders to the campus. Several steps have been taken to protect the school, staff, and pupils from safety threats by individuals visiting the campus area. In addition, disputes often occur because of parental custody disputes. The staff of MAGNOLIA ELEMENTARY will maintain in the student's record custody documentation provided by families and will request assistance from local law enforcement and the Office of Child Welfare and Attendance as needed.

Visitors and Disruptions to Educational Process

MAGNOLIA ELEMENTARY is aware of the laws, policies and procedures, which govern the conduct of visitors to the school campus. MAGNOLIA ELEMENTARY uses continuing efforts to minimize the number of campus entrance and exit points used daily. Access to school grounds is limited and supervised on a regular basis by individuals, such as the campus supervisors, and staff familiar with the student body. Campus traffic, both pedestrian and vehicular, flows through areas that can be easily and naturally supervised. Delivery entrances used by vendors are also checked regularly. The campus has perimeter fencing.

To ensure the safety of pupils and staff and avoid potential disruptions, all visitors to the campus, except pupils of the school and staff members, must register immediately upon entering any school building or grounds when school is in session.

MAGNOLIA ELEMENTARY has established a visible means of identification for visitors while on school premises (i.e. tag). Furthermore, the principal, designee or campus supervisor may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act.

MAGNOLIA ELEMENTARY has developed a notice for disruptive individuals and, when appropriate, exercises the authority to remove a visitor or outsider from the campus. Law enforcement is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.

MAGNOLIA ELEMENTARY's notice and removal system establishes sufficient documentation for civil law remedies as needed. For continuing disruptive behavior by a visitor or outsider, MAGNOLIA ELEMENTARY shall contact the district office to determine whether to file for a temporary restraining order and injunction.

SCHOOL SAFETY STRATEGY #6: At MAGNOLIA ELEMENTARY, effective procedures will followed to maintain a safe physical plant and school site.

Enhancing Physical Safety Practices

Schools can enhance physical safety by adjusting traffic flow patterns to limit potential for conflicts or altercations. Schools can enhance physical safety by having adults visibly present throughout the school building. This includes encouraging parents to visit the school.

MAGNOLIA ELEMENTARY operates a closed campus, where pupils must have permission to leave the campus during school hours.

MAGNOLIA ELEMENTARY avoids leaving areas of the school unused;

MAGNOLIA ELEMENTARY has minimized blind spots around the school facility.

MAGNOLIA ELEMENTARY has installed an alarm system.
 MAGNOLIA ELEMENTARY has set a priority to keep buildings clean and maintained.
 MAGNOLIA ELEMENTARY has located its playground equipment where it is easily observed.
 MAGNOLIA ELEMENTARY has limited roof access by keeping dumpsters away from building walls.
 MAGNOLIA ELEMENTARY keep trees and shrubs closely trimmed to limit outside hiding places for people or weapons.
 MAGNOLIA ELEMENTARY ensures vehicle access around the building(s) for night surveillance and emergency vehicles.
 MAGNOLIA ELEMENTARY has established a procedure to have the school campus fully lighted at night.
 MAGNOLIA ELEMENTARY keeps a complete list of staff members who have keys to building(s).
 MAGNOLIA ELEMENTARY does not allow graffiti to remain on walls. Inflammatory bathroom graffiti is removed daily upon discovery.
 MAGNOLIA ELEMENTARY provides maximum supervision in heavy traffic areas.
 MAGNOLIA ELEMENTARY has established two-way communication between the front office and each classroom.
 MAGNOLIA ELEMENTARY offers school-or-community-based activities for students after school.

Suspension and Expulsion Policies

Magnolia Union Elementary School District

Board Policy

131-135

Students

Suspension and Expulsion

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

(cf. 5144 - Discipline)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the period of suspension or expulsion.

(cf. 6145 - Extracurricular and Co curricular Activities)

Except in cases where suspension for a first offense is warranted in accordance with district policy or law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to him/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion. (Education Code 35291, 35291.5)

Alternatives to suspension or expulsion will be used with students who are truant, tardy, or otherwise absent from assigned school activities. (Education Code 48900)

Zero Tolerance (Grades 4-12)

The Board supports a zero tolerance approach to serious offenses. This approach makes the removal of potentially dangerous students from the classroom a top priority. It ensures fair and equal treatment of all students and requires that all offenders be punished to the fullest extent allowed by law. Staff shall immediately report to the Superintendent or the Director of Student Services, any incidence of offenses specified in law, Board policy and administrative regulation as cause for suspension or expulsion.

The Superintendent or designee shall notify staff, students and parent/guardians about the district's zero tolerance policy and the consequences which may result from student offenses. He/she shall also ensure strict enforcement of this policy.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in regulation and law. (Education Codes 48911, 48915 and 48915.5)

(cf. 5119 - Students Expelled from other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process - Individuals with Disabilities)

On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus and may fall behind in the course work. The Board believes that in many cases, it would be better to manage the student's behavior by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The district has established a supervised in-house suspension program which meets the requirements of law for suspended students who pose no imminent danger or threat at school and for whom an expulsion action has not been initiated.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise. The Board recognizes that current law enables parents/ guardians to be absent from work without endangering their employment status in order to attend a portion of their child's school day at a teacher's request. Besides furthering improved classroom behavior, such attendance should promote positive parent-child interactions.

Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student (Education Code 48900.1)

Parental attendance may be requested on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school site rules for student discipline shall include procedures for implementing parental attendance requirements.

Decision not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of the law.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Codes 48900.1, 35291, 48980)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion".
5. Possession of an explosive as defined in 18 USC 921.
6. Possession of a controlled substances prohibited by board policy.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for

which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
3. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board also may order a student expelled for any of the acts listed under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

Mandatory Recommendation and Mandatory Expulsion

Note: The Attorney General has determined, in 80 Ops. Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife as defined in Education Code 48915(g) at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above.
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension

shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.

Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

WAIVER OF HEARING (DEFAULT PROCEEDINGS)

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principals letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.

When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing (Education Code 48918(b))

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).

(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Final Action by the Board
Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the students rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)
4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student's pattern of behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.

3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school.

(Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Outcome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.

Procedures for notifying Teachers about Dangerous Pupils

Each September and February, all teachers are provided with a list of enrolled students who have one or more suspensions of a serious or violent nature. This list includes student suspensions for the current year plus the previous three years. The following procedure is used in notifying teachers of the suspension history:

1. Suspension lists are provided to each teacher using a routing sheet. All teachers sign the routing slip indicating their review of the data.
2. Teachers are advised about the confidential nature of the data.
3. All routing sheets and suspension reports are to be returned and filed in the school office.

To notify teachers of suspensions as they occur during the school year, the following process is used:

1. Teachers are provided with a copy of the student suspension form.
2. Teachers are advised about the confidential nature of the data.

212.5 Sexual harassment, defined

230 Particular practices prohibited, including sexual harassment

TITLE VII, CIVIL RIGHTS ACT as amended by Title IX, Equal Employment Opportunity Act

In accordance with Board policy prohibiting sexual harassment in the work place, the purpose of this regulation is to provide a procedure to handle complaints of sexual harassment.

Sexual Harassment Defined

Pursuant to Education Code 212.5, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to the conduct is made either an explicit or implicit condition of employment, status, or promotion.
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the harassed employee.
3. The harassment substantially interferes with an employee's work performance or creates an intimidating, hostile, or offensive work environment.
4. Submission to, or rejection of, the conduct is the basis for any decision affecting benefits, services, honors, programs, or other available activities.

Unlawful sexual harassment under the Fair Employment and Housing Act (FEHA) also includes unwelcome sexual advances of an employer toward an employee of the same sex and harassment on the basis of pregnancy disability. Gov. Code 12940 (h) (3) (c)

Examples of Sexual Harassment

By way of example, sexual harassment includes, but is not limited to:

1. Making unsolicited written, verbal or physical contact with sexual overtones.
2. Visual conduct: leering or suggestive eye contact, making sexual gestures, posting or circulating sexually suggestive objects or pictures, cartoons, or posters.
3. Verbal conduct: making or using derogatory comments, epithets, slurs, and jokes bragging about sexual exploits, using terms with double meanings (one of which is sexual).
4. Verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes, or invitations.
5. Physical conduct: touching, assault, impeding or blocking movements, touching oneself or another.
6. Continuing to express sexual interest after being informed that the interest is unwelcome. (Reciprocal attraction is not considered sexual harassment.)
7. Making reprisals, threats of reprisal, or implied threats of reprisal following a negative response. For example, either implying or actually withholding support for an appointment, promotion or change of assignment; suggesting a poor performance report will be prepared; or suggesting probation will be failed.
8. Engaging in implicit or explicit coercive sexual behavior which is used to control, influence or affect the career, salary and/or work environment or another employee.
9. Offering favors or employment benefits, such as promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations or re-classifications, in exchange for sexual favors.

COMPLAINT PROCESS

1. Employees may report incidents of sexual harassment to any supervisor, manager, or administrator at the school site or in the department where they are working. If there is no supervisor, manager, or administrator to whom the employee is comfortable reporting the incident, the report may be made to the next higher level in the chain of command.
2. Any supervisor, manager, or administrator who has received a report, verbally or in writing, from any employee regarding sexual harassment of that employee or another employee by a student or adult in the work place must forward that report to the Cabinet level administrator within twenty-four (24) hours, or within a reasonable extension of time thereafter for good cause.
3. All complaints of sexual harassment will be investigated and promptly resolved.
4. Upon receipt of an allegation of sexual harassment, the supervisor, manager, or administrator will designate an investigator who will initiate an investigation into the complaint within 48 hours.
5. The school district will designate management employees at each work site who are trained to investigate sexual harassment complaints.
6. After completion of the investigation, the manager will render his/her findings and a recommended disposition of the complaint. In determining whether the alleged conduct constitutes sexual harassment, the manager will look at the record as a whole and the totality of the circumstances, including the nature of the alleged sexual harassment and the context in which the alleged incidents occurred.
7. If the complainant is not satisfied by the report of the manager and the recommended disposition, he/she may submit the matter to the appropriate Cabinet officer. The complainant shall make an appeal in writing stating the reasons why the complainant is dissatisfied with the report and recommended disposition. This written appeal shall be on a form prescribed by the district and shall be signed by the complainant.
8. The Cabinet officer shall review the basis for complainant's appeal and the report and recommended disposition compiled by the manager. The Cabinet officer may make a decision based on the record presented or, if he/she determines it is necessary, collect any additional information deemed necessary. The decision of the Cabinet officer may be appealed to the Superintendent or designee and then to the Board using the same appeal process and form.

ENFORCEMENT

Each work site supervisor, manager, and administrator has full responsibility for maintaining a work environment free of sexual harassment. Work site managers shall take appropriate actions to reinforce the district's sexual harassment policy. These actions will include:

1. Maintaining an available supply of the policy and the district's brochures and materials regarding this policy.
2. Prompt removal of vulgar or sexually offensive graffiti or other displays.
3. Providing annual staff in-services within the first four weeks of each work year.

4. Taking appropriate disciplinary action as needed.
5. All supervisors, managers, and administrators shall instruct employees on the procedure for reporting sexual harassment on an as needed basis.
6. Employees determined to have violated district prohibition against sexual harassment shall be subject to disciplinary action up to and including termination from employment. Disciplinary actions may include, but are not limited to:
 - a. Verbal and written warnings.
 - b. Written reprimands.
 - c. Suspension with or without pay.
 - d. Transfer to another work location.
 - e. Demotion and termination.
7. A violation of policy or regulations shall constitute just and reasonable cause for discipline and shall be deemed to be a violation of and refusal to obey the school laws of California and reasonable regulations prescribed for the government of the district by the Board under Education Code 44932.

CONFIDENTIALITY

District employees involved in processing sexual harassment complaints shall endeavor in good faith to protect the privacy of all parties involved in a complaint of sexual harassment. Files pertaining to sexual harassment complaints shall not be made available to the general public.

RECORDS

Copies of all reports of sexual harassment shall be forwarded to the chief personnel officer who is responsible for maintaining overall district records of incidents. Such records and reports shall not be made available to the general public.

EDUCATIONAL OUTREACH

As a means of preventing sexual harassment, the Superintendent shall ensure that all employees are notified of the adoption of policies and procedures to prevent sexual harassment. Each manager of a work site shall have a plan on file for providing staff in-service and procedures relative to sexual harassment education and the policies, regulations, and procedures.

State of California Department of Fair Employment and Housing

Employees or job applicants who believe that they have been sexually harassed may, within one year of the harassment, file a complaint of discrimination with the California Department of Fair Employment and Housing. The Department serves as a neutral fact-finder and attempts to help the parties voluntarily resolve disputes. If the Department finds evidence of sexual harassment and settlement efforts fail, the Department may file a formal accusation against the employer and the harasser. The accusation will lead to either a public hearing before the Fair Employment and Housing Commission or a lawsuit filed on the complainant's behalf by the Department. If the Commission finds that harassment occurred, it can order remedies, including up to \$50,000 in fines or damages for emotional distress from each employer or harasser charged. In addition, the Commission may order hiring or reinstatement, back pay, promotion, and changes in the policies or practices of the involved employer. A court may order unlimited damages. Students with bloodborne pathogen infections are entitled to the rights and services accorded to other students. They may attend their regular school and classroom barring special circumstances.

The Board encourages parents/guardians to inform the Superintendent or designee if their child has an infectious disease so that any such child will have access to appropriate district programs and services, and so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. Blood Borne Pathogens – Safety Practices

Procedures and Regulations

1. General

1.1. While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

1.2. Assessment

Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

- a. Behavior, neurological development and physical condition of the child;
- b. Type of interaction expected with others.
- c. What the potential is for exposure
- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

- a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

Employees

2.6. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

2.7. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

2.8. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

2.9. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

2.10. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.

- a. Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

3. Hygienic Safety Practices

3.1. All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:

- a. Routinely using gloves when anticipating contact with blood
- b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood

3.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.

3.3. Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.

3.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

4. Universal Precautions

4.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

- a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.
- b. Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
- c. Use disposable absorbent material like paper towels to stop bleeding.
- d. Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
- e. Cover cuts or scratches with a bandage until healed.
- f. Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution). Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

5. Identification of Risks of Occupational Exposure

5.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.

5.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

5.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

Procedures to Ensure a Safe and Orderly Environment

Rules and Procedures on School Discipline

Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Elements of a Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
 - A. by all staff members at all times.
 - B. strictly.
 - C. in substantial part by adult modeling.
 - D. using techniques that promote the growth of positive self-esteem.
 - E. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

Supt./Principal

WHAT TO DO WHEN PROBLEMS APPEAR

1. Talk to the supt/principal.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension.
5. Referrals—please remember if you write a student referral, you are required to call the parents. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—Again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist
